EXTENSIVE and elegant improvements are being made to the residence of Miss Bettie McDonald on College street.

It is getting fashionable now for all of the papers to be embellished with portraits of distinguished base ball players.

MR. JOHN O. SEAY, of the Long Branch neighborhood, died on the 15th inst. of rheumatism and inflammation of the bladder. Mr. Seay was fifty-two years old and leaves a large family to mourn his loss.

MR. J. F. BELL's shoe store caught fire Sunday morning but the flames were extinguished without serious damage to the stock or building. Officer Pat Ginley discovered the fire and gave the alarm.

JOSEPH C. KENNEDY, a prominent lawyer of Washington City, was murdered on the streets in cold blood the other day by being stabbed in the back with a knife held in the hands of a man named John Daly.

COL. W. M. JOHNSON, of Nashville, passed through town this week, representing the Nashville Iron Manufacturing Company. His object is to purchase timber to be converted into coal along the river to be shipped to Nashville to the furnaces.

IN Prince Edward county, Va., Holmes Puryear has been sentenced to be hung on the 15th of July for murdering his wife, and there is an unsettled contest over the office of sheriff, so that there is no sheriff to do the hanging.

Not a particle of calomel, nor any other deleterious substance, enters into the composition of Ayer's Pills. On the contrary, this medicine is carefully compounded from the curative properties of purely vegetable substances. Try it.

REV. J. G. RICE, who is quite a favorite with the Southside people, has been holding a very interesting protracted meeting, resulting in fifteen conversions, and great spiritual benefit to the church, which was closed at Southside last Saturday.

If you wish to restore the bloom to your wasted cheek, and so improve your health that plumpness and strength will succeed emaciation and debility, purify your blood with Ayer's Sarsaparilla. This remedy will benefit you more surely and speedily than any other.

HON. J. F. CLAY, attorney for the Ohio Valley railroad, has made a proposition to bring the road by Hopkinsville provided \$100,000 can be raised, and by Cadiz provided \$40,000 can be raised, the money to be paid when the road is completed to those two places.

CHRISTIAN COUNTY has a sensation in the shape of a wild mustang horse that jumps fences like a deer, eats growing corn like a drove of hogs, and who has hitherto stubbornly and successfully resisted being captured or shot. The horse is offered as a reward to any man who can catch him. His place of rendezvous is on the Greenville road in the neighborhood of Mrs. Lacy's and Jonas Courtney's.

MR. H. P. WILLIAMS, of Todd county, Ky., near Guthrie, was in town on Thursday. We were shown a stalk of a tobacco plant of the Carbon variety, grown on his farm. The stalk is exactly nine feet six inches high and had on it twenty-eight leaves. This variety of tobacco, he informed us, originated in Cuba, and Mr. Williams procured the seed in a package from Washington City.

THE Hopkinsville New-Era says that Mr. Joe Malone, of Bellevue, went to his barn to work on Monday morning last, and failing to respond to the dinner horn, his family went out to discover the cause. Upon their arrival they found the old gentleman cold in death. The supposition is that his death was caused by heart disease. Mr. Malone was a good citizen and an honest man.

JOHN THOMAS, a negro, committed a brutal assault upon a little white girl a week ago. He "went up the stary way" at Union City last Saturday, and 200 resolute spectators saw it done. No cards.

MRS. JANE MARSHALL, the oldest lineal descendant of Gen. James Robertson, the founder of Nashville, died in that city on Sunday last, aged eighty-seven years.

MR. WM. H. SPAN, a young man about nineteen years of age, was drowned while swimming across Cumberland river, near Cokerell's bend, below Nashville, on the 17th inst.

MR. WILL LONG, of Nashville, was in the city Wednesday, in the interest of the land sale at Dickson Station, Dickson county, Tenn., which is to come off on the 26th and 27th of this month, on which day about three hundred town lots will be offered for sale.

MESSRS. A. W. WEBBER and John D. Anderson, of Nashville, and Stacey Lord, of Brownsville, members of the Tennessee Baptist Laymen's convention, held interesting services at the Baptist church on last Sunday. The meeting was designed expressly for the benefit of the laity, and much good was accomplished.

REV. W. A. CANDLER, of the Southern Methodist Publishing house, has been appointed by Bishop Wilson, to fill, until conference meets again, the vacancy of pastor of McKendree church in Nashville caused by the promotion of the Rev. Dr. J. D. Barbee, the former pastor, to the position of book agent.

THE city of New York, whose editors, with a sense of conscious security, have been heretofore complacently recording the storms in other parts of the country, had a perfect cyclone on the 17th inst., which blew about bricks, trees and tiles promiscuously, capsized boats, and put a good-wholesome scare on the citizens of Gotham generally.

JAMES MALONEY, an aged Irish man who was employed by Mr. Jake Miller, of Russellville, Ky., to dig a well, last week, was lowered into the well by Miller and told the latter that he could do without him and to go about his farm work. Miller returned in a short time and found Maloney dead at the bottom of the well, having been poisoned with choke damp.

It's been hot enough to make a man cuss his grand-daddy. Whether the heat resembles that of the place where swearing is fashionable, or suggests to some the propriety of getting in practice beforehand in anticipation of rather a protracted sojourn in that torrid climate, during the last few hot days, some people have been "swearing like the army in Flanders." It seems a sort of safety valve, as it were, to let off superfluous steam.

MR. ELISHA PRINCE, of Logan county, Ky., and father of Mr. Polk Prince of this county, passed quietly and peacefully beyond the river while sitting with his family on the porch at home a few days ago. The family had left him alone for a short time, apparently as well as usual, and returning, found life almost extinct. In a few minutes he was dead. Mr. Prince was a good citizen and a good man, and has left an unspotted record behind him for his children.

MESSRS. GENUNG and Boyden, surveyors and civil engineers of the Ohio Valley railroad, were in town this week examining the approaches to Clarksville. This company has made several tentative surveys with the view of running a branch of their road South. It is impossible to predict where the road will cross Cumberland river, as there are so many considerations which unite to decide the final location of a railroad route, such as distance and character of the surface to be traversed, present state and future prospects of trade development along the line, character of soil and population, facilities for attaining material for construction, right-of-way, and depot buildings &c., and last, but not least, substantial pecuniary inducements to build the road through a certain country, that it is almost as uncertain as the verdict of a jury or the question who a coquette will marry, to undertake to predict, with any accuracy, which way a new railroad is to built. But it is our opinion, founded upon both experience and observation, that the country will be apt to get the road that goes down deepest into their pockets and bids the highest for it, the foregoing considerations being any way near equally balanced.
